

## ONLINE COURSE FOR PRIMARY TEACHERS

### 20AUT19 Nurturing creativity and wellbeing through making in the classroom

These online workshops will focus on two Visual Arts strands in particular Fabric & Fibre and Construction. The workshops will explore materials and craft processes that foster sustainability. The sessions will highlight how “making” nurtures not only our creativity but also our wellbeing.

This is a practical course that encourages participants to actively follow the live demonstrations by using materials easily accessible at home. A short list of materials needed will be sent to participants ahead of every session. This format allows participants to test ideas first hand and share experiences with each other.

The handmade craft projects selected for these workshops can be ideal activities in this pre-Christmas preparation period in the classroom.

**Date:** Thursdays: 5, 12 and 19 November 2020

**Time:** 4.30 – 6.30 pm

**Tutor:** Gabi McGrath
